WORK EXPERIENCE

Web Developer (Lead developer)

E-goi, Lda [01/03/2020 – Current]

City: Porto

Country: Portugal

While working in the E-goi Digital Solutions department, which focuses on serving top corporate clients, my primary responsibility was to develop custom solutions to solve specific problems for our major clients. Some non-exhaustive examples include:

- Creating platforms for managing medical records
- Integrating various types of systems
- Developing a platform for sending bulk WhatsApp messages as part of marketing campaigns
- Establishing a system to manage retail product incidents
- Handling responses to long numbers (when customers send SMS messages)
- Sending half a million transactional custom emails
- Managing NPS (Net Promoter Score) surveys, vouchers, and unsubscribe requests
- Implementing attribution models to determine if individuals who received a product promotion through our newsletter made purchases in the days following their exposure to it

Web developer

Goizi, Lda [31/12/2016 – 28/02/2020]

City: Porto

Country: Portugal

During this time, I played a key role in developing and maintaining an Enterprise Resource Planning (ERP) system from the ground up. This ERP consisted of several modules and functionalities, including:

- Management of commercial documents
- Document conversion
- Document flow
- Logistics control system for creating pickings and shipping maps (tracking items from separation to delivery)
- Customized dashboards
- Data analysis for sales, VAT, and other metrics
- Dedicated importers
- Automated processes
- Advanced permission system
- Data export
- Website integration

Last project, ecommerce website: <https://papelarte.pt/>

Web developer

Miscode [31/12/2014 – 30/12/2016]

City: Porto

Country: Portugal

- Design, develop and improve websites with a focus on e-commerce;
- Identify technical problems, communicate and implement solutions;
- Develop, test and implement innovative and reusable web-based tools;
- Continue to develop internal software (ERP, CRM, e-commerce)

Web developer

[28/02/2014 – 30/12/2014]

Design and development of the Wallfav website .

<https://github.com/goncalogoncalves/wallfav>

A website where a user can place their favorite websites "on a wall".

It was a practical way to manage bookmarks.

Web developer

Miscode [05/2012 – 03/2014]

City: Porto

Country: Portugal

- Design, develop and improve websites with a focus on e-commerce;
- Identify technical problems, communicate and implement solutions;
